**Fiscal 2013 Adopted Expense Budget Adjustments Summary
New York City Council Finance Division**

INTRODUCTION

Schedule C designates funding for community based not-for-profit and other public service organizations. Expenditure of any funds for each organization identified in Schedule C is contingent upon the satisfactory completion of 1) a detailed initial review process and 2) all applicable City procurement requirements at the time of contract award. The New York City Council and the Mayor's Office of Contract Services (MOCS) have established the following initial review for each organization:

For all organizations included in Schedule C, the City Council preliminarily reviewed the public purpose for which the funds would be used, and any potential conflicts of interest. In addition, MOCS reviewed the website and consulted with the State Attorney General's Office to confirm that all groups – including those receiving \$10,000 or less reviewed by the Council – demonstrated compliance with charity registration requirements.

For organizations receiving \$10,000 or less, the City Council also reviewed past performance, compliance with tax laws, corporate status, any reported investigations, audits, inquiries and other relevant information.

In the case of organizations requesting funding in excess of \$10,000, MOCS is overseeing an additional prequalification review process. Through this process, MOCS is reviewing each organization to determine whether it meets integrity requirements, and is in compliance with applicable laws and regulations, including charities registration. MOCS is also reviewing each organization to determine whether the organization is qualified to provide the proposed services, and is reviewing and recertifying the qualifications of organizations that were approved during prior fiscal years. Further, for any organization receiving funding through a fiscal conduit, the fiscal conduit must also be approved by MOCS.

For those organizations identified in Schedule C with an asterisk, either the MOCS or the Council's review process has not yet been completed, the State Attorney General's Office has not yet provided the Council with final verification of the organization's charitable filing status, or the organization is required to attend the MOCS corporate governance, fiscal management and compliance training.

For those organizations identified in Schedule C without an asterisk, the Council has completed its review process and, where applicable, MOCS has preliminarily reviewed or prequalified the organization and any associated fiscal conduit, and the organization has attended the MOCS corporate governance, fiscal management and compliance training, if required to attend.

Further restrictions to ensure the appropriate use of City funds will be incorporated through the City's procurement process.

All organizations receiving funding pursuant to an initiative will be subject to pre-qualification review and approval by the Mayor's Office of Contract Services.
